

## Brief City News

## Dug His Fine.

Flourishing a five-dollar bill and a gold piece when fined \$6 for being drunk, Jose Moreno, a Mexican, fairly started Justice Burdick yesterday morning. So unprepared for any such action was the judge that he had to send Jose to jail for six days. Justice Hogan did likewise with one. All these latter were Mexicans.

## Child Died.

Leonio Bello, the infant child of Peter Bello, which died at 3 o'clock Monday afternoon, was buried yesterday afternoon, Rev. Fr. Meurer officiating. The family reside in Upper Lowell.

## Deputy Norton Ill.

Deputy Sheriff B. W. Norton of Lowell is confined to his home by illness. He is threatened with an attack of pneumonia.

Miss Catherine Finnegan is in Tombstone on a business trip.

Constable L. R. Bailey of Lowell was in Tombstone on business.

Attorney E. G. Strickler has returned from Tombstone.

E. A. Covrea has returned from a trip to Huerfano.

Constable Parley McRea was at the county seat yesterday on business.

Mrs. W. G. Hubbard continues to improve.

Miss Elizabeth Cole, who has been visiting her brother, Fred Williams, for the past few weeks, will return today to her home in Fresno, California.

Superintendent George Arnold, of the C. & A. properties at Courtland, passed yesterday in the city.

Ralph Wilcox of Campas, Son., is in the city for a short time on business.

Col. A. D. Nanney of Douglas, passed yesterday here on a business visit.

Martin Costello is here for a brief stay.

Max Gavito of Naco, returned to his home last evening, after a brief visit.

Herman Block returned from Douglas last evening.

Peter Johnson is at Douglas.

O. G. Roush returned last evening from Douglas.

Mrs. J. W. Ross has gone to Hot Springs, Ark., where she will be the guest of relatives for several weeks.

John Lensen has gone to Los Angeles.

Assistant District Attorney E. J. Flannigan is at Tombstone on business connected with his official position.

J. G. Kite, a well known traveling man, is in the city.

J. J. White, a well known transferman of the city, has returned from Los Angeles, where he spent a short time on a visit.

MORRISON'S FRIENDS  
FEEL CONFIDENTDECLARE THAT BISBEE MAN  
WILL SUCCEED TO U. S. AT-  
TORNEYSHIP FOR ARIZONA.

The notification that Joseph E. Morrison of this city would probably be the appointee chosen for United States Attorney for Arizona December 15 was received with a large amount of rejoicing among the friends of Mr. Morrison here. The notification came from the Review's Washington correspondent and was exclusive.

There is one phase of the fight which has been waged between Morrison and J. R. L. Alexander the present holder of the office for the position which had the effect of arousing the Morrison faction to indignation. This was the continuously repeated statement on the part of Alexander's men that they would file charges against him in Washington, of a nature which would effectually bar him from appointment. So far as can be ascertained by Mr. Morrison's supporters this was pure "hot air" no charges having been filed, so far as can be learned.

While Mr. Morrison, when approached yesterday, refused absolutely to make a statement, two of his friends spoke indignantly and at length upon what they designated as "attempted character assassination." They also stated that they had in upon good authority that Mr. Morrison is slated for the job and his appointment is certain to be announced December 15, when Alexander's official term ends.

COUNCIL HOLDS LONG  
DRAWNOUT SESSIONACCEPTS RESIGNATION OF WATER  
SUPERINTENDENT MARTIN  
TO TAKE EFFECT DEC. 15.

Long-drawn discussions, with little accomplished, marked the doings of the city council last night. It was nearly midnight when the meeting adjourned.

Water Superintendent A. M. Martin presented his resignation to take effect December 15, which was accepted and the water committee was instructed to look into the matter of his successor.

It was decided to repeal the free scavenger service ordinance and substitute one calling for the taking care of refuse matter by contract, the citizens to pay for the service. No table of charges was decided upon, that being left to the contractors.

L. R. Allen was awarded the contract for the city printing for the ensuing year.

The Copper Queen company notified the council it desired to discontinue the water service for fires as

M'DANIELS DIES AS  
RESULT OF INJURIES

DOUGLAS SWITCHMAN BROUGHT HERE AFTER FALLING UNDER WHEELS SUCCUMBS TO SHOCK DYING MONDAY NIGHT.

Unable to survive the operation which cost him his right leg, I. J. M'Daniels, of Douglas died at the Copper Queen hospital about 8:30 o'clock Monday night.

McDaniels was a switchman employed at Douglas by the E. P. & S. W. Monday morning he was engaged in coupling cars, when he slipped and fell, the wheels crushing his right leg in such a manner that it had to be amputated.

He was brought to Bisbee during the afternoon on the 2 o'clock train and taken in the Palace ambulance to the Copper Queen hospital, where the limb was amputated above the knee.

However, as he bled freely and it took such a length of time before he reached the hospital, he failed to recover from the loss of blood and the shock.

Deceased was about 50 years old a widower. He has a brother and sister in the east, who have been communicated with. His home was in Lynchfield, Ky.

FLUCTUATIONS  
RULE MARKET  
TUESDAY

BUSINESS RUNS AT LOW EBB AND OPERATORS TAKE LITTLE INTEREST IN TURN OF EVENTS

(By Associated Press.)

NEW YORK, Dec. 7.—The business done on the New York stock exchange and constant fluctuations in prices argued an uncertain frame of mind on the part of operators in stocks.

The President's message was called conservative, but as its contents had been accurately known and acted upon in the markets, its publication left little for the speculators to do.

Bonds were irregular. Total sales \$4,064,000. United States bonds, 4's, declined 1-4 per cent.

## NATIONALS AVOID ROW.

CINCINNATI, Dec. 7.—The fight at the coming election of the president of the National League may be settled by a compromise according to the statement August Herman, chairman of the National Commission, gave out tonight, on the eve of his departure for New York.

"I always have been for Heydler," said Hermann, "but if I find no chance for his selection, I will not vote for him. I shall vote for the next best man, sooner than cause a row, but that man will not be John Ward."

## Engineers' Annual Ball.

A large number attended the annual ball given by Arizona Association No. 4, National Association of Stationary Engineers, last night. The affairs were given at the Country club and dancing enjoyed until midnight, when special cars brought the guests back to the city. The following committees had charge: Arrangements, Charles Holquist, Harry Farris, Oscar Carlson and Orad Schum; reception Mr. and Mrs. J. P. Williams, Mr. and Mrs. R. H. Clifford and Fielder Stocum; floor, W. R. Tonkin; Richard Nitche, Earl Hebner, J. D. Grant.

SINKING EARTH  
TWISTS GAS  
MAINS

SUBSIDENCE OF SLAG DUMP HILL CAUSES FLOW TO STOP PLAN FOR NEW MAINS IN DU. BACHER CANYON.

Trouble in plenty is being experienced by the Bisbee Light and Power company, owing to the subsidence of ground through which their mains are run. According to Manager A. C. Douglas it is probable that new mains will have to be laid on Naco road shortly.

"I am well aware of the fact that the gas supply has been low for the last two days," said Mr. Douglas. "I am as sorry for it as anyone could be, but the public may rest assured that our force is not spending its time mourning. The men are looking up the leak."

"So far as we have been able to locate it, one of the mains on Slag Dump hill is what is giving us the trouble. It is a well known fact that the slag dump has been settling for some time. This is the cause of the Copper Queen hospital being moved. The Bisbee-Naco water company have had serious trouble caused by mains becoming twisted and breaking as the ground settled. Now we are getting our turn."

"I have telegraphed Mr. Aldrich, of Grand Rapids, Mich., chief engineer of the company to come at once and expect his arrival the latter part of the week. We will then make some definite plan to entirely obviate any present difficulty."

"A portion of our force, aside from looking up the trouble with the main are doing something equally useful. They are installing a compressor at the plant which will force the gas through the pipes with a strong pressure, stronger even than usual. Hitherto gravity alone carried it."

"It is probable that upon the arrival of Mr. Aldrich we will find it necessary to lay new mains from below the hill through Dubacher canyon and from there into the main portion of the city. It is certain to my mind that we shall be troubled with the same thing so long as we bring our mains up the Slag Dump hill."

## METALS MARKET.

(By Associated Press.)

NEW YORK, Dec. 7.—Market for standard copper on the New York metal exchange was dull and practically nominal.

December closed \$13.00; January \$13.05; February \$13.10.

Lake copper \$13.25@13.50; Electrolytic \$13.12½@13.37½; Casting \$13.00@13.25.

Tin was easier, Spot closing at \$31.75@31.80; December \$31.62½@31.90; January, February, \$31.62½@32.00; March \$31.62½@32.12½.

Lead was firmer, Spot \$4.37½ bid, New York; \$4.25 bid, East St. Louis.

Spelter dull, Spot \$6.15@6.35, New York; \$6.20, East St. Louis.

JURY HOLDS DOXEY AND WIFE ST. LOUIS, Dec. 7.—Dr. Leroy Doxeey and his wife, Dora, both were held late today by the corner's jury for the alleged poisoning of William J. Eber, who died last July. It was held that Doxeey had "guilty knowledge" of the poisoning.

OLD LINE COMPANIES  
SUFFER FROM PLAN

HUNDREDS OF POLICY HOLDERS INTEND TO QUIT SHORT AND ENTER C. Q. ASSOCIATION.

Probabilities are that the new Copper Queen Benefit association will play havoc with the business of the insurance companies, particularly those having accident benefits.

This is on account of the fact that in the case of the new association the accident benefits are much more than paid by the older insurance companies and the rate of the Copper Queen association is so much cheaper.

"In intend to drop my old line policy just as soon as I can get a 'Copper Queen policy written up,'" said The Original Tangle yesterday. "My beneficiaries will receive \$2500 instead of \$100 in case of death by accident; it is much cheaper, and on account of being a home concern, benefits will be paid immediately. The benefits on account of injuries received are so much more than those of the old line companies as to be incomparable."

The old line companies, it is thought, will lose several hundred of their policy holders through the new association. About three-fourths of the Copper Queen miners are insured in one of these because it makes a specialty of taking risks on miners.

Everybody at the shafts are making the association the one topic of discussion and nearly every man is more than anxious to take advantage of it. If this is any indication, it is thought the Queen will have to produce the \$25,000 right away.
